ARAVINTH S

Full-Stack Web Developer | AWS - Cloud Computing

aravinth911@gmail.com | +91 9944056890 | 17/1, Sengunthapuram 10th cross, Karur - 639002

LeetCode | Linkedin | GitHub

EDUCATION

KONGU ENGINEERING COLLEGE   July 2020 - July 2025
Software Systems Masters   Tamil Nadu, INDIA
CGPA: 8.3

EXPERIENCE

NUTZ TECHNOVATION PVT. LTD., | JUNIOR DEVELOPER Erode, TamilNadu | July 2023 – October 2023

Collaborated with a team of developers to assist in the design and implementation of web applications and websites to enhance the quality of software projects. Contributed to front-end and back-end development tasks using technologies such as MERN and AWS

SKILLS

Programming Languages	Java, JavaScript, python, c, c++
Libraries/Frameworks	Nodejs, ExpressJS, React, Django
Tools / Platforms	Git, Github, Docker, Postman, AWS, Cloud Computing
Databases	MySql, MongoDB, postgreSQL

PROJECTS / OPEN-SOURCE

DATA LOOM | Link   Node.Js | Express.Js | MySQL | AWS | Microservice Architecture

MERN stack-based Google Drive clone with AWS integration, implementing microservices architecture for efficient and scalable data management. Demonstrated expertise in full-stack development and cloud computing.

VEGETABLE SUPPLY CHAIN MANAGEMENT | Link   Node.Js | Express.Js | MongoDB | EJS

Leveraged Node.js, Express.js, EJS, and MongoDB to implement innovative algorithms for supply and demand optimization in the Vegetable Distribution Management System. Demonstrated expertise in full-stack development and data-driven solutions.

AUTOMOBILE FINANCE MANAGEMENT | Link   Node.Js | Epress.Js | MongoDB | EJS

Designed and developed a web application for an automobile finance company, enabling employee record management, loan due date tracking, and automated tax estimation.

CERTIFICATIONS

- AWS Certified Cloud Practitioner CLF-C02 - Udemy
- Node.js, Express, MongoDB - Udemy

HONORS & AWARDS

- 2023 - Web Development Competition Winner
- 2022 2nd place coding contest Inter Department
